Commissioner for Patents

**REPLY TO ACTION OF MARCH 12, 2008**

Claims 54, 55 and 57-77 are pending.

In the Action dated March 10, 2008, claims 54, 55, 55-74, 76 and 77 were indicated to be allowable.

Claim 75 was rejected under 35 U.S.C. §112, first paragraph, as allegedly failing to comply with the enablement rejection.

Applicants thank Examiner Boesen for the telephone interview with the undersigned on July 21, 2008. As discussed during the interview and noted in the Examiner's interview summary, based upon the knowledge in the art and the guidance provided in the present application, a skilled artisan could make and use the antibody recited in claim 75. Therefore, Applicants respectfully request that this rejection be withdrawn.
